Subject: Anti-inflammatory project – Use of Plethysmometer

Dear Sir,
I am currently working on collaborative project entitled *in vivo* Anti-inflammatory effect of Ayurvedic formulations. As a part of this I need to use Plethysmometer instrument to measure paw edema.

I will be grateful if you give permission for the same and introduce me to a faculty expert who is well verse with the instrument and calculation. I will include faculty name as one of the authors in this publication.

Kindly do the needful
Thanking you,
Sincerely yours,

Declaration for obtaining microbial cultures from NCIM

To,
 NCIM Resource Centre
 CSIR-National Chemical Laboratory
 Pune - 411008

Date: 27.05.2021

I/we hereby declare that,

- A dedicated and in-house microbiology facility and trained microbiologist to handle the said microbial cultures is available.
- Said cultures will be used for R&D purpose only and not for commercial purpose (within India).
- Said cultures will not be hand over cultures to any third party (within or outside India) without obtaining prior written permission from NCIM Resource Centre.
- The said cultures will be used for the M Pharm, B Pharm & Pharm D students for undergoing their curriculum based research as well as experiments prescribed by Kerala University of Health Sciences which includes bacterial identification techniques like staining, motility, biochemical tests and determination of antimicrobial activity.

- I/we hereby state that the above information is true and best of my/our knowledge.
- If I/we violate above terms, I/we will be liable for legal action by CSIR-NCL.
