PRINCIPAL
Pushpagiri College of Dental Sciences

Breakthrough in Nanotechnology promise to revolutionize drugs manufacturing , drug delivery and medical diagnostics. By learning how substances behave differently at the individual cellular or particle level, researchers are beginning to unlock the vast medical potential of nanoscale material. Though much of this work is still in its early stages, Scientists at the University of Maryland's Nanotech centers are creating novel tools and developing new methods for crucial research area of drug synthesis, drug carriers, targeting technologies, toxicity reduction and materials optimization.

Speaker: **Dr. Harikrishna Varma P. R**
Scientist In Charge, Division of Bio Ceramics

LINGUAL ORTHODONTICS

A Simplified Technique for Clinicians

**A 3 DAY COMPREHENSIVE
HANDS-ON WORKSHOP**

**18
CDE
POINTS**

Date: January 12th, 13th & 14th 2016

Venue: Pushpagiri College of Dental Sciences Auditorium

pushpagirilingualortho@gmail.com

DAY ONE

Jan 12th 2016 - 8:30 am to 5:00 pm

SESSION 01

Lecture 1:

Getting Oriented to Lingual Orthodontics
How different is

Lingual Orthodontics

Lecture 2:

Why Can't we do Direct Bonding in Lingual Orthodontics

Lecture 3:

Contemporary Lingual Laboratory Procedure

- HIRO System
- Best System with TAD & BPD
- Simplified Technique with LABH LINGUAL JIG
- Question & Answers

SESSION 02

Hands On:

1. Customisation of Bracket with
 - HIRO System
 - Simplified Technique with Labh Lingual Jig (L J)
2. Transfer Tray Fabrication

DAY TWO

Jan 13th 2016 - 8:30 am to 5:00 pm

SESSION 01

Lecture 1:

Comparative Biomechanics

Lecture 2:

Anchorage Consideration

Lecture 3:

Treatment Sequence

Question & Answers

SESSION 02

TYPODONT HANDS-ON

Basic Lingual Arch Form
Levelling & Initial Partial
Canine Retraction
For En Masse Retraction
For Anterior Root Torque
For Finishing
Ligation Technique

DAY THREE

Jan 14th 2016 - 8:30 am to 3:00 pm

SESSION 01

Lecture 1:

Lingual Bracket System

Lecture 2:

Protocol for Extraction & Non Extraction Cases

Lecture 3:

Microimplant in Lingual Orthodontics

Lecture 4:

Case Discussion / Presentations
Question & Answers

SESSION 02

LIVE BONDING

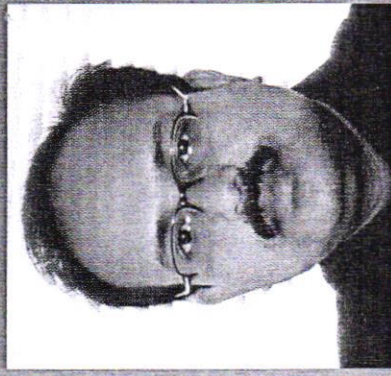

COURSE HIGHLIGHTS

The three day workshop is systematically modulated with all hopes that at the end of the program, we expect our participants to start practicing Lingual Orthodontics with confidence in their respective clinical practices.

Step by step demonstration of clinical and laboratory procedures on patient as well as on model, starting from impression making followed by lab setup, making of transfer tray, then indirect bonding on patient and arch wire ligation in detail.

Lingual laboratory set up by 2 Methods:

- a. HIRO System utilizing commonly used dental material in your own setup.
 - b. Simplified Technique Labh Lingual Jig (L J)
- Self Ligation in Lingual Orthodontics
- Complete wire bending exercise
- Comprehensive Pictorial Course Manual
- Laboratory and Technical Support in Future

REPORT: IGNITE SESSION 4
STERILIZATION AND DISINFECTION

On 25th February 2016, the fourth session of IGNITE; a CDE program was conducted at the Pushpagiri Dental College by the interns (2015-2016) under the guidance of Department of Public Health Dentistry in the college auditorium. Dr. Eldo Koshy, who was the former Prof. and HOD of Prosthodontics and Implantology led the session on the topic "Sterilization And Disinfection". The program started with the inaugural function at 10:00am. The chief guest for the program was Rev. Dr. Joseph Valanparambil, Director, Pushpagiri Heart Institute and the Guest of Honour was Dr. Suresh S David.

After giving a talk on the importance of emergency medical care in clinics Dr Suresh S David launched the Emergency kit. The Audiovisual project was also launched by Rev Fr Mathew Vadakkekutt followed by the preview of the first audiovisual file.

The Module on Infection control in dental clinic started at 11:15 am after a short tea break. After the lunch break a live demo on doing an amalgam Class I restoration, the four handed way commenced at 2:15pm and it got over by 3:30pm.

The total numbers of participants were 182 comprising of staff, post graduates, interns, and ANM and housekeeping staff.

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

As per the feedback received the program could be considered a great success with valuable information given concisely and in a way that all could assimilate and understand .The flaws that were noted included

- The need for air conditioning of the venue.
- The need for better provision for food and refreshments.

Even after mentioning the above shortcomings the programs should be considered a great mark in the activities of PCDS.The participants showed the eagerness in having such programs in the future.

IGNITE SESSION 7

The Seventh session of Ignite was held on 17th May 2017 on the topic multilayering in esthetic composite filling Session was organized by 2012 BATCH interns under the guidance of Dr. Vinod Mathew Department of Public Health Dentistry.

The session was began with Inauguration ceremony around 9'30 am.

The session had a registration committee; process of registration started from 8.30 am Chief Guest of the day is Rev. Dr. Mathew Mazhavancheril' Director, academics and research Pushpagiri medical society.

The dignitaries on the dice were Dr.Aby Mathew. Principal Pushpagiri College of Dental sciences, Dr Benley George, Vice Principal, Administration, Speaker of the day.

Dr. Swathi Chandran and Dr Shibu Thomas, senior lecturer Dept.of public health dentistry .

Inaugural ceremony begun with prayer song. Welcome speech was by Dr.Benley George. Our Chief guest Rev. Dr. Mathew Mazhavancheril delivered the inaugural address. With his speech he enlightens us on the importance of dental research and its various opportunities it provides. Fr specified on getting expertise on particular field that can pave way for better

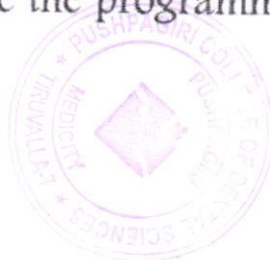

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

chances in the future. Achan mentioned on the significance of studies. Studies help us in getting deeper knowledge on topic and thereby making us expert on the same. In today's scenario, where research works are lacking. Achan motivated us to take initiative for research activities. Ceremony was inaugurated by lighting the lamp by our Chief Guest and all other dignitaries of the dice. Facilitation was by our Principal Dr Aby Mathew. T. Aby sir congratulated 2012 batch interns for organizing 6th session of Ignite wished all the best for the same. A memento as a token of gratitude was presented to our chief guest by our Principal Dr. Aby Mathew. T. Also a certificate of appreciation was presented to the eminent speaker Dr. Swathi Chandran by Rev. Dr. Mathew Mazhuvancheril. Vote of thanks was by Dr. Shibu Thomas Sebastian, senior lecture of dept. of public health dentistry. The ceremony concluded with national anthem. Dr. Josey, professor dept. of conservative dentistry was invited to welcome the speaker Dr. Swathi Chandran is a professional service person looking after the south region for 3MESPA India. She is an accredited speaker of IDA. The lecture session begun after a 15 minutes tea break.

The lecture was on multilayering in esthetic composite fillings. She talks about the styleitaliano and its principles, new concepts in esthetic dentistry, shade guide and selection, nanotechnology and esthetic dentistry and about the polishing and retention principles. After the lecture was the lunch break .

At around 2 o'clock handson for the interns was held. Interns were made to sit around table while the speaker demonstrated multilayering composite filling. 3ESPE provided us all the adequate materials that were required for the procedure. They also brought stone models for the interns to learn the multilayering technique. Various dept. of our college cooperated with us by providing hand pieces and light cure units for demonstration. Each step of multilayering technique was demonstrated in detail by the speaker. She was patient enough to clarify all our doubts and encouraged all of us. To try the same technique in the stone modals provided by them. It was a good experience. The session was indeed very informative.

After the hands on session reshma menon delivered the vote of thanks. A feedback form was given to all who attended the cde programme to evaluate the programme and to know the

SUMMARY AND REPORT OF THE WORKSHOP

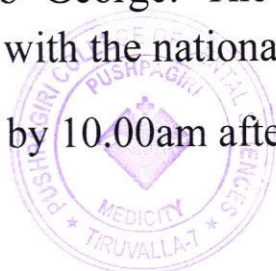

Ignite session 9 ROW State level workshop

A state level workshop on the Effective use of medical literature was conducted at Pushpagiri College of Dental Sciences on 7/8/2017 & 8/8/2017.

Around 100 PG students and faculty members participated in the workshop. The inauguration session was started by 8.30 am. Dr. Thomas George V., the organizing chairman of the workshop, delivered the welcome speech. It was followed by the presidential address by the Principal of Pushpagiri College of Dental Sciences, Dr. Aby Mathew T. Honourable guest of the day, Rev. Dr. Mathew Mazhuvancherril enlightened the audience with his wonderful message. He stressed on improving the quality of publications from institutions, without plagiarism and data manipulation. He also gave warning regarding publications in predatory journals. His message was followed by the inauguration ceremony. Felicitations were delivered by Dr. K, N Thomas, KDC observer who proposed to start advanced clinical research training centres for conducting short certificate courses in areas like Laser Dentistry, Implantology etc in association with foreign universities., and Dr. Anand Manoharan, Head of Research and development, Pushpagiri group of institutions.

Momentoes were presented to the honourable guests followed by the vote of thanks by Dr. Jacob George. The inaugural session was concluded by around 9.50 am with the national anthem.

The scientific sessions started by 10.00am after the tea break.

PRINCIPAL
Pushpagiri College of Dental Sciences

Session 1: Dr. Anand Manoharan- 10.00 am -10.45 am

Session 2: Dr. Rajeev A.-10-50 am -12.15 am

Session 3: Dr. Sherin Susan Paul- 12.30 pm -1.10 pm

Session 4: Dr. Sherin Susan Paul- 2.00pm- 2.45 pm

Session 5: Dr. Philip Mathew- 2.50 pm-3.30 pm

The workshop was concluded by around 3.30 pm. The organizing secretary, Dr. Nebu George Thomas, Dr. Vinod Mathew Mulamoottil, Dr. Annie Kitty George, Dr. Jacob George, Dr. Saumya John and the post graduate students and the interns of the Dept. Of Periodontics worked for the success of the meeting.

The workshop gave the participants a deep insight in to the steps in the preparation of quality publications and acquainted them regarding the recent advances in effectively conducting a literature search for the same. The pitfalls of plagiarism and the correct method of referencing were discussed in detail. The art of managing the references using the modern software was highly informative and useful for the budding researchers.
